

***Over the past several months, the people of New York City have experienced unprecedented events and challenges, including the COVID-19 pandemic. In response to these challenges, and to ensure public safety, the NYPD undertook a reallocation of resources which deployed many officers into the field and away from administrative assignments. The NYPD recognizes the importance of producing body worn camera footage in a timely manner and is working with CCRB to produce recent protest-related videos expeditiously. As reference, NYPD just completed 180 protest case requests resulting in the sharing of 703 videos to CCRB in a period of 2 weeks.***
